

DUTY CYCLE
100%
@75A

MATERIAL THICKNESS
35+ mm

CUTTING OUTPUT
16,5kW

THERMACUT EX-TRAFIRE 75 SD

Engineered For Endurance

THREE PHASE	FHT-EX®105RTXH	WORK CLAMP	STARTER KIT
POWER CABLE WITHOUT PLUG / 3 METRE	PLASMA CUTTING TORCH WITH LATCH KEY	DETACHABLE/ 5 METERS	55/65A HAND

TECH SPECS

- **Input Voltage:** 3x400 VAC± 15%
- **Maximum Input Power (KVA):** 17.6 KVA
- **Cutting Current (A):** 30-75 A
- **Frequency (HZ) :** 50/60 Hz
- **Duty Cycle @ 40°C:** 100%@ 75A
- **Recommended Cut (MM):** 25
- **Maximal Cut (MM):** 35
- **Dimensions (LxHxW):** 560 x 400 x 265 MM
- **Weight:** 24 KG
- **Airflow (LPM @BAR) :** 110 @ 5.2
- **Application:** Handheld

KEY FEATURES

- **Easy to read, blue LED display**
- **Plate thicknesses up to 35 mm +**
- **Powerful and lightweight**
- **Quick and easy fit up with the patented Thermacut Torch Connection System (TCS)**
- **Industry's Lightest, most Flexible torch lead**
- **Gouging capability,** increased versatility and flexibility; capable of more than just cutting
- **Industry leading:** Investment cost vs Performance return
